TERRY

We all know that homeland security is this government's highest priority, and without protecting our nation, we cannot be free. We're going to implement a new system of security where we tighten up on immigration, which will allow people to still find the american dream and stay safe while eliminating threats before they get into the country. I'm here today to get some feedback from the American public to help us enhance our protocols and expand our eyes and ears. I'll open the floor up to questions.

*Other 4 are in the audience.*

NICK

FIRST IN ALL CAPS.

TERRY

Pardon?

NICK

First. I was the first one to comment you noob.

TERRY

Right, okay. This is not a race--we're building America together. We're really focusing on getting ordinary citizens involved and giving a greater hand in the government to the people.

NOA

Obama is going to drive this country into the ground. My fingers are covered in Cheetos and I'm not wearing any clothing so my keyboard doesn't work real well. Just wait and see we are all in for him killing all of our babies and he's going to make us get gay married and I don't want to touch anyone's boobies that's gross it's for lesbos like Ellen and Nercy Pelasi

TERRY

President Obama will not make you do any of those things. A reminder, we are here to discuss Homeland Security, not the Obama Administration.

ALICIA

I was really sad and lonely until I logged onto Farmersonly.com and found my true love and my one true food source you can find love too if you just log on I don't know what I'd do without my Teddy--

CLIFTON

GET BACK IN THE KITCHEN, DUMB BITCH ALL CAPS  
TYPED WHILE MY CAT WATCHES ME MASTURBATE.

TERRY

Whoa, sir, I'm going to need you to calm down. That was highly inappropriate. I'm going to need you to keep a hold on those kinds of comments.

CLIFTON

I don't have to change my point of view because it hurts your womanly sensibilities.

TERRY

I'm only asking you to not say terrible things by virtue of their being terrible. Does anyone have any feedback on the immigration program?

NICK

Complete threadjack. Hey guys, What do you call a gay dinosaur? A megasoreass... get it? Mega sore ass...

CLIFTON

That's what my girlfriend is today. And then I made her make me a sandwich. MEN'S RIGHTS.

ALICIA

Hey guys, if you wanna click on this link or whatever, my new dubstep and bongo band made a sweet mashup of that dinosaur joke.

TERRY

So anyway, we're thinking of creating a vetting process for new immigrants to help ensure they have a support system in the country ahead of time.

NOA

Obama's going to give anyone a citizenship and anyone of color doesn't have to pay taxes but all the white people do because Obama and Nerncy Perlosi only support the lesser races and I--

TERRY

I'm sorry, did you say "lesser races?" If you say anything that discriminatory again, Ma'am, I'm going to have you escorted out.

ALICIA

I can't believe how much money I make now with an unbelievable incentive plan for young upstarts who want to work from home. Thanks to AsianHomeBuyer.com!

TERRY

You know what, that's it. I've had it with all of you. We're here to discuss ways to make our country even better--why wouldn't you want to be part of a quality discourse? You have an open channel to have your voices heard by the world. What you say here shows other people who you are and how you want to affect the world. Is this really the face you want to show the world in a public medium? A face of neglect and apathy? A face of ignorance and hate? Is this the America that you want the world to remember?

*All pause for a moment.*

NICK

SUCK MY DICK, FAGGOT.

*Blackout*
