

Int. Classroom at the republican national headquarters
Candidates are messing around in a classroom.

CHRISTIE

I don't care what this new teach says. Chris Christie gon' sit here
and eat his damn sandwich and he can go straight to hell.

JEB

Who says the new teacher will be a he? It could be any number of
amalgamaterrrrd gender assignments.

ALL

SHUT UP JEB.

TRUMP

I don't need any help. I don't even know why I'm here. Donald
Trump serves NO MAN.

CHRISTIE

You're here 'cause you're dumb as the friggin PHILLY FANATIC.

HUCKABEE

I don't like this either. If someone's gonna come in and teach us
how to rap and connect with the young people, I want it to be Iggy
Azalea. That girl got an asssssssss that I wanna munch.

CHRISTIE

I'm from Jersey. If I wanna take something over I just call my
cousins in "construction."

HUCKABEE

Sorry, I didn't hear that through the Philly Cheese Steak in your
mouth.

CHRISTIE slaps HUCKABEE in the face with his sandwich.

CHRISTIE

What was that? I couldn't hear that through your vagina, Huckabee.

JEB

Good one Christie!

ALL

SHUT UP JEB.

CHRISTIE

I said NO YOU CANNOT HAVE A BITE OF MY SANDWICH. You want something to eat why don't you go ask your friggin' brotha.

WHOOPI kicks in the door.

WHOOPI GOLDBERG FROM SISTER ACT

Listen up, white boys. I am here to whip you into shape. You're a mess.

CHRISTIE

We don't need any woman coming in here to tell us what to do. That's my job with women.

HUCKABEE

I can't be around women. I get accused of rape when that happens because they can't control themselves.

TRUMP

I'm too much man for any woman.

He takes a huge bite out of his sandwich.

JEB

I'm just really happy we're all here together! It's nice to be included in things. Exclamation point!

ALL

SHUT UP JEB.

WHOOPI GOLDBERG FROM SISTER ACT

Oh, you don't wanna listen to a woman? You asked me to come in here, remember? You asked me to come and pull you all outta that mess you made for yourselves at the first debate. You said you needed saving.

TRUMP

Look I have pulled myself up by my bootstraps time and time again, and I'm not about to let some immigrant--

WHOOPI GOLDBERG FROM SISTER ACT

4 bankruptcies.

HUCKABEE

I am outraged, madam. I'll have you know that I was considered a strong opponent of Romney last election. He sent the Mormon mafia after me and I--

WHOOPI GOLDBERG FROM SISTER ACT
Defended Josh Duggar up to the end.

CHRISTIE

Hah, she's burning you guys pretty good, huh?

WHOOPI GOLDBERG FROM SISTER ACT
About as burnt as the inside of your thighs.

JEB

Lots of people like me. I connect with voters.

ALL (Including WHOOPI)
SHUT UP JEB.

HUCKABEE

We're being victimized by the press, ok? If it weren't for them--

WHOOPI GOLDBERG FROM SISTER ACT
There are no victims in this classroom.

CHRISTIE

Look, We need . Someone who can get us out there with the voters.

TRUMP

You don't look like you can help us.

WHOOPI GOLDBERG FROM SISTER ACT
People wish the Gop would up and vanish
Those libs are hating because we make them panic
We heart tradition and we love our America
Anything unlike us will create hysteria
We need fox news, Jesus and money
And lowered taxes no matter the economy
We are loving Christians but not like Mitt Romney
When we let him run that was just plain comedy
Integrity and pride we wear it like a belt
We abstinent so no feeling yourself

When the lower class start to whine and yelp
Go blap, blap, blap, blap, blap,
The Second amendments here to help, now everybody say
Republican

ALL
Republican
Republican

CHRISTIE
Yeah, I think we got it now!
Party Whip,
Watch me campaign

ALL
Party whip, whip, watch me campaign

WHOOPI GOLDBERG FROM SISTER ACT
Yeah, now you white boys got it. You asked me once how I was gonna
save your campaign. This is it. This moment. Let's get started.
